Turning 14; Planning for Adulthood

A Workshop for Parents and Professionals

This workshop addresses the effective use of the IEP and the Massachusetts Transition Planning Form for students who are ages 14–22. Individualized, person centered planning of curriculum and supports throughout high school leads to better post high school outcomes and opportunities in education, training, and/or employment for students with disabilities. Discussion includes age of majority, self-determination and self-advocacy, life skill development and preparing students to pursue as independent an adult life as possible.
